January/ June 2017

3 proposals for placement

English speaking

Title : Nutritional modulation and protein turnover

Our research is focused on protein turnover (i.e protein synthesis and proteolysis) which is modified in several physiological (fed/fasted) or pathophysiological (aging, inflammation, ...) situations, and which can be also modulated by nutrition.

Study level : M1

Period : March/ June

Supervisor : Christophe Moinard, christophe.moinard@ujf-grenoble.fr
Co-Supervisor : Charlotte Breuillard, charlotte.breuillard@ujf-grenoble.fr

Title : Contact phase activation and kinin production : impact of anti-HK Mab

Thématiques de recherche principales du laboratoire
Nox2 and Nox4: activation and control, impact of the enzymatic activity on innate immunity and inflammatory processes
Kinin and complement: activation and control, impact on adaptive immunity and inflammatory diseases

Study level: M1 & M2, PhD
Period : February to September
Supervisor: christian.drouet@ujf-grenoble.fr

TITLE: New targets for antifungal therapy: characterization of inhibitors and association to the ZEBRA cell-penetrating peptide lab TIMC-IMAG, TheREx team

Study level : M2
Period : January/ June
Supervisor : Jean-Luc Lenormand JLLenormand@chu-grenoble.fr

Selected students

- Once selected, the students will receive by email an acceptance letter

- Online Student pre-registration

The UGA will contact admitted students directly with the address of an online pre-registration form which they should fill out to complete their file. **The online form will be available starting May 2, 2016**, and students will have until June 15, 2016, to complete the information online.

- University Housing

Exchange students at the UGA may choose to live in university housing, and a place is reserved for those who would like one. Admitted students will receive an email with a password and login that will allow them to make a formal housing request with our student housing office. **These requests must be received by July 1, 2016.**

Looking forward to welcoming your
students! The IRO team
