

# Curricula medical training in France

# Incoming Clinical Placement in Grenoble :

Length of stay : 3/6/9/12 months

- **Clinical rotations**

Exchange students spend most of the training with rotations in different clinics. They are integrated in our clinical years according to the curriculum chosen before arrival (signed LA).

**Duration and ECTS cannot be negotiated** - Extension of the mobility will not be accepted after arrival.

- **Credit validation**

- Clinical placement in the morning
- Optional teaching courses available on afternoons (2pm - 6pm)
- All the courses can be validated with written exams upon request (validated in the LA) and depending the period of stay of the incoming student.

- **Units Available during your stay in Grenoble**
